*Photo below can be changed

Purpose

Provide a fun forum where case investigators and contact tracers working in local health jurisdictions can come together at the end of each week to learn from each other, share successes and challenges, and build community

Objectives

- Develop a supportive community for CIs/CTs doing this challenging work
- Provide “pop-up” education on topics related to COVID-19
- Present metrics showcasing the result of the work of CIs/CTs

This Thursday’s “What a Week!” session will include

- COVID-19 Epidemiology – e.g., How Are We Doing in California? In our County?
- Clinical Corner – e.g., Prevention
- Special Presentations – Topic of Interest
- Fireside Chat – Introducing County Case Investigators and Contact Tracers
- Shout Outs
